UI/UX designer with 1.5+ years of experience designing websites and digital products for global clients. Currently at Kilowott, a service design studio in Goa, with a M.Des in human-centred design and BFA in applied arts.

WORK EXPERIENCE

Kilowott, Goa

UI/UX Designer (*Feb 2025 – Present*)

- Delivered 20+ end-to-end full website and digital design projects for international clients across hospitality, industrial B2B, e-commerce redesigns and lifestyle sectors, owning the process from research and information architecture through to interface design and handoff.
- Led full website redesigns for hospitality clients, including flagship sites, mega menus, seasonal homepage variants, and dedicated microsites for a five-star hotel brand and its in-house restaurants and event venues.
- Designed 8+ solo, end-to-end projects for a clients, from presales through final build.
- Proposed an audience-first homepage architecture for a multi-brand client spanning four unrelated business lines, restructuring navigation around revenue priority instead of equal-weight categories.
- Worked closely with developers and business analysts across projects, aligning design decisions with technical feasibility and business requirements from concept through build.

Srishti Manipal Institute of Art, Design & Technology (under MAHE), Bengaluru

Research Assistant-I (*Jul – Oct 2024*)

- Contributed to the UNESCO State of Education Report as part of a multidisciplinary research team, gathering, interpreting, and presenting data.
- Developed research methodologies to organise large volumes of information, and prepared literature reviews and visuals to communicate complex findings to stakeholders.

International Film Festival of India

Set designer (*Oct – Nov 2019*)

- Built and executed a visual representation of a film for public display as part of the festival's set design team.
